Summer 2006

Dear Friends:

When you think back to the summer camp experiences of your childhood, do you remember swimming, arts and crafts activities, singing, and field games? Well, the idea of “camp” has evolved into so much more for youth in the City of New Haven.

The camps we offer this summer have opportunities for all kids, of all ages. There are more than 60 camps to chose from and each is sure to nourish the mind and body.

Whether a child’s interest lies in nature, adventure, sports, or the performing arts, the general and specialized camps offered by the Department of Parks, Recreation and Trees are affordable, safe, and enriching experiences.

Help the youth in your life to come home with the happy glow of making friends and learning new skills. Sign up today!

Very truly yours,

John DeStefano, Jr.
Mayor

Forms of Payment

Cash, checks, money orders, and MasterCard/Visa are accepted at the Administrative Offices of the Department of Parks, Recreation & Trees. Please make checks payable to "**Treasurer, City of New Haven.**" Note that a \$20 fee will be assessed for returned checks.

Payment for all camps is required at the time of registration. Specific fees are listed in each camp description.

If for any reason a check is returned or dishonored, future payments will only be accepted in the form of cash or money order.

A limited number of scholarships are available to *residents* of the City of New Haven. Please call 946-8338 for scholarship details only.

Cancellation Policy

Programs may be cancelled at the discretion of the Department due to minimum participation requirements or unforeseen scheduling conflicts.

Bus Transportation

Bus transportation to Camp Cedarcrest is available from 10 locations throughout the city. See schedule on registration form on page 10 for pick-up and drop-off times and locations. Busing is not available for any other camps.

Pick-up Policy (for bus stops and on-site)

Children must be picked up promptly after the end of the camp day. Camp hours are as follows: Day camp 9:00 a.m. to 3:00 p.m., Before and After-camp care 7:30 a.m. to 5:30 p.m. Failure to pick up your child will result in the suspension of your child's use of camp or camp sponsored transportation. **An additional fee of \$15 will be assessed for every 15 minutes after end of the child's camp day. If this fee is not paid upon pick-up, your child will not be admitted to the next day's camp session.**

Medication

Because we are concerned for the health and welfare of all of our campers, it is mandatory that parents advise the camp director of any existing or potential medical conditions, physical or emotional, concerning their child. If your child must take prescription medication during the course of the camp day, it must be in its container with dosage information on it. Staff is not authorized to administer any medications; all prescribed medications must be self-administered.

Emergency Contact Numbers

Our goal is to provide a safe, wholesome, exciting camping experience for your child, however, we need to plan for the unexpected. For your child's safety, please provide us with the name and telephone number of an emergency contact person who will answer during camp hours. Be sure to update the name and number if you change your emergency contact person during camp. You will be given an emergency number to call if you need to reach a camp counselor, or you can call the main number at 946-8027.

Questions about Camp?
Need more information about our camp programs? Phone us at 946-8027 during business hours (Monday through Friday from 9:00 a.m. to 5:00 p.m.).

Swimming Pool Policy

Behavior

Parents will be advised, both verbally and in writing, by the camp director, or staff, if their child displays behavioral problems while at camp. Behavioral problems include any actions or words that disrupt camp activities, such as bullying or bothering other campers, or disregard for the rules that govern the camp day.

Participation in all camp programs is mandatory. Failure to participate in all activities will create undue stress on both the child and the staff. Our staff will work with the child to solve the problem so that the child and the other campers can enjoy their camp activities. Note that continued behavioral incidents will result in the child's dismissal from camp without refund.

Staff

Our camps have qualified, enthusiastic staff at all sites. The director and water safety supervisor at each site are CPR and first aid certified. All staff undergo intensive training prior to the beginning of camp.

Activity Fees

Most camps have additional fees associated with field trips and special activities that are not included in the summer camp enrollment fee. Examples include: bowling (shoe rental and game), roller skating, Lake Compounce, Quassy Amusement Park, Basketball Hall of Fame. Each camper will receive a schedule of planned trips and costs for each at the start of camp.

Eco-Adventure Extreme Camp

New Haven's Eco-Adventure Extreme camps are unique, challenging, safe and fun learning experiences. They include environmental activities, amazing exposures to biodiversity, and outdoor adventure activities specially tailored to the needs and abilities of the youth. We will offer the campers different experiences on three levels: physical, intellectual, and emotional, through exploration of a wide variety of urban and natural settings in the City of New Haven. Our staff-to-participant ratio allows for plenty of personal instruction, as well as careful supervision of all activities with individual attention.

By taking on progressively more challenging experiences, participants will learn team-building, cooperation and conflict resolution. Staff will help the teams establish goals that call for planning, group decision-making, task designation and group action while providing instruction about natural history and environmentally responsible choices.

Activities include canoeing, kayaking, white water rafting, sailing, orienteering, hiking & nature interpretation, climbing wall, rock climbing, mountain biking, introduction to scuba diving, ropes & challenge course, and much more. **A swimming test is required for acceptance in the Eco-Adventure Extreme camp.**

All gear and related safety equipment will be provided at no additional cost. Would-be explorers must write a sincere, short essay explaining why they would like to attend these camps, and what benefits they expect to receive. Camp will be based at the West Rock Nature Center (WRNC), from 9:00 am to 3:00 pm except during field trips that may last up to 12 hours. Parents will be responsible for dropping off and picking up campers at the WRNC. Participants must bring their own nutritious lunch and 2 liters of juice/water per day.
