In 1995, the Department of Housing and Urban Development (HUD) issued a ruling requiring a single consolidated submission for community development and housing programs – specifically the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Shelter (Solutions) Grant (ESG) and Housing Opportunities for Persons with AIDS (HOPWA) Programs. In accordance with this ruling (24 CFR Part 91), the City of New Haven has developed its Consolidated Plan for Housing and Community Development. The overall goal of the Consolidated Plan is to develop viable urban communities by providing decent housing, a suitable living environment and by expanding economic opportunities principally for low and moderate-income persons, through the use of CDBG, HOME, ESG, and HOPWA funds.

The Consolidated Plan describes the City's housing and community development needs; and defines the City's strategies, goals, and priorities. The Consolidated Plan also emphasizes the role of citizens and community groups in identifying needs and recommending actions to address those needs, thereby promoting citizen participation and encouraging consultation with public and private agencies. The City is currently operating under a Five Year Consolidated Housing and Community Development Plan that covers FY 2010-2014.

Each year the City prepares an Annual Action Plan describing the City's projected use of funds for the upcoming program year as part of its budget process for submission to HUD. This application process forms the basis for the City's Annual Action Plan for the upcoming Program Year, July 1, 2012 through June 30, 2013.

To ensure broad based community involvement in the systematic revitalization of our neighborhoods, the Consolidated Plan incorporates neighborhood-review of projects. Each neighborhood has an established EZ Neighborhood Implementation Committee now known as the District Management Teams (DMT) that meets monthly. *(Please note the West Rock DMT is only required to meet on a quarterly basis).* These neighborhood teams are instrumental in building community partnerships, which help to address the complex and unique issues facing each neighborhood. It is important that these teams are made aware of proposed activities and projects that will serve residents of their respective neighborhoods.

Applicants are encouraged to present their proposed projects to the appropriate DMT for review and endorsement. Letters or other forms of endorsement should be attached to completed applications to illustrate that the proposed program meets an identified neighborhood priority. Please note that management teams *do not* have the authority to reject Consolidated Plan applications. *(In cases where an applicant has been unable to meet with the appropriate management team(s) prior to submission of the application, letters or other forms of endorsement will be accepted up until January 31, 2012. However, you should indicate the expected meeting date in your response to Question #3, Application Section, page 19.)*

SECTION I (continued)

Administrative Considerations:

CDBG

- 15% Public Services
- 20% Planning and Administration

HOME

- 10% Administration

HOPWA

- 7% Administrative Cost per Project Sponsor
- 3% Grant Administration

ESG*

- Up to 60% for Homeless / Shelter Services
- Not less than 40% for Homeless Prevention
- Not more than 10% for Staff Costs

* ESG Administrative percentages are subject to change pending publication of the final Emergency Solutions Grant regulations.

- **All activities funded with CDBG funds shall be *project specific*** and principally benefit (at least 51% of project beneficiaries) low, very low and extremely low income persons and/or address slum and blight in the community, and directly address one or more objective from above. **Each application must focus on *only one* of the ten Consolidated Plan activities listed in Section I on the prior page.** However, more than one application may be submitted by the same agency.
 - Housing and Public Improvement activities must list specific addresses or sites where actual rehabilitation or improvements will take place. Neighborhood revitalization project(s) should have a particular focus on anti-blight and construction-ready affordable housing preservation and development.
 - Public Service proposals must demonstrate how the services to be provided support, strengthen and unify families; reinforce self-sufficiency and/or fulfill an urgent/essential need. **If prior funding has been received, public service proposals must demonstrate how current programs and services are to be increased or expanded.**

The City is expecting a substantial reduction in CDBG funding for the 2012-2013 Program Year ranging from 10% up to 30% less than prior years' allocations. This reduction has necessitated a narrowing of funding priorities in order to address established needs with the limited resources available. **The funding priorities for program year 2012/2013 are evidence-based:**

- 1) positive youth development activities,**
- 2) job training/employment opportunities,**
- 3) public safety and**
- 4) neighborhood revitalization.**

In addition, eligible applicants will be required to **demonstrate an ability to leverage existing funding and form meaningful partnerships** with area agencies (including local government areas) to avoid duplication of services. Viable projects, meeting all funding criteria and addressing these priorities will be given preference.

- **Requests for HOME funds** must benefit households earning less than 80% of the median and may only fund project costs associated with the rehabilitation or construction of transitional, permanent, or group housing, including Single Room Occupancies (SROs). HOME and CDBG requests may be combined for construction costs. **DO NOT REQUEST HOME FUNDS THROUGH THIS CONSOLIDATED PLAN APPLICATION PROCESS.** Requests for HOME funds are made throughout the year via a separate application process. Applications are submitted directly to the Livable City Initiative (LCI) Bureau on an individual project basis and are reviewed to assure strict

compliance with Federal regulations and applicable program goals. (Please refer to Appendix B HOME Funding Process) If an organization is receiving or anticipates receiving HOME funds for the proposed activity, please indicate the amount in the proposed budget. (See 11a - Proposed Program Budget Form). HOME Funding will be made available through LCI.

- **Requests for Emergency Solution Grant (ESG)** funding that benefits individuals and families who lack a fixed, regular, and adequate nighttime residence or who have a primary nighttime residence that is a publicly or privately operated shelter designed to provide temporary living accommodations must address one of the following activities: renovations, major rehabilitation, conversion of buildings for use as emergency shelters for the homeless; provision of supportive services to the homeless; payments for maintenance and operation of emergency shelters.

OR

ESG Proposals that provide for the implementation of homeless prevention and/or rapid rehousing programs must benefit individuals or families who have recently become homeless or are at risk of becoming homeless and need temporary assistance in order to obtain housing or retain housing through temporary rent or utility payment and/or relocation to move to a housing unit.

- **Requests for HOPWA** funds must assist housing designed to prevent homelessness for persons with HIV/AIDS, who are at or below 80% of the AMI, including emergency housing, shared housing arrangements, apartments, single room occupancy (SRO) dwellings, and community residences. Applicants must demonstrate an ability to provide the appropriate supportive services to meet the wide-range of needs, as well as the capacity to monitor and maintain sufficient follow-up, of eligible persons.

SECTION II (A)
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROGRAM DESCRIPTION
(24 CFR Part 570 – Community Development Block Grants)

Title I of the Housing and Community Development Act of 1974 gives the authority to provide annual grants known as Community Development Block Grants (CDBG) to entitled cities and counties. The purpose of these grants is to develop communities by providing decent housing, suitable living environments, and by expanding economic opportunities, principally for low- and moderate-income persons. Grants are awarded to entitlement communities to carry out a wide range of community development activities directed toward neighborhood revitalization, economic development, and the provision of improved community facilities and services. Activities must meet one of the following three **national objectives**:

1. **to benefit low and moderate income persons (persons earning less than 80% of the area median income),**
2. **to aid in the prevention or the elimination of slums and blight, or**
3. **to meet an urgent need/imminent threat (e.g. natural disasters).**

Eligible activities include, but are not limited to, the following:

- **Acquisition of Real Property** - property to be acquired must be viewed in terms of the planned use of the property involved for purposes of evaluating compliance with the CDBG national objectives.
- **Disposition** - any expenses related to the disposal of CDBG property or urban renewal such as appraisals, surveys, and/or property management.
- **Public Facilities and Permanent Improvements** - streets, curbs, sidewalks, parks, public facilities, etc.
- **Demolition** - removal of structures for public safety and physical development.
- **Interim Assistance** - aid in situations determined by the Mayor to be emergency situations that threaten public safety.
- **Relocation** - used for relocation payments or assistance to displaced persons, families or businesses.
- **Removal of Architectural Barriers** – installation of ramps, curb cuts, wider doorways, or other modifications needed to make a structure accessible.
- **Housing Rehabilitation** - to finance the rehabilitation of any publicly or privately owned residential property, including the conversion of non-residential property for housing.
- **Special Activities by Sub-recipients** - funding for neighborhood-based non-profits, small business investment companies, and local development corporations to carry out a neighborhood revitalization, community economic development, or energy conservation project. New construction housing activities funded with CDBG funds may only be undertaken by a **Community Based Development Organization (CBDO)**. By definition a CBDO is an organization which has the following characteristics:
 - Is an association or corporation organized under State or local law to engage in community development activities primarily within an identified geographic area of operation (a singular particular neighborhood)
 - Maintains at least 51% of its governing body's membership for low and moderate income residents, owners or senior officers of private establishments and other institutions located in and serving its geographic area of operation, and has a minimum of 2/3 board membership from that identified neighborhood.
 - Does not permit more than one-third of the membership of its governing body to be appointed by, or consist of, elected or other public officials, employees or officials of an ineligible entity.

SECTION II (A) (continued)

- **Special Economic Development Activities** - Commercial or industrial improvements or assistance to private-for-profit entities in the form of loans.
- **Public Service Activities** - Public service program (including labor, supplies and materials) which is directed toward improving the community's public services including, but not limited to: job training, job-readiness placement, crime prevention, child care, health, substance abuse, education, transportation, fair-housing counseling, homeownership counseling, energy conservation, welfare or recreational needs. *Public services must meet each of the following criteria: be a new service or demonstrate a quantifiable or measurable increase in level of service and not exceed 15% of the entitlement grant. Note: All expenses must directly relate to the service being proposed in this request.*
- **Planning/Program Administrative Costs** - (*City Use Only*) Limited to 20% of the entitlement grant. Planning activities consist of all costs of data-gathering, studies, analyses and preparation plans. Administrative costs and carrying charges related to the planning and execution of the community development grant activities of overall program management, coordination, monitoring and evaluation.

Ineligible activities include, but are not limited to, the following:

Categorically Ineligible

- Buildings or portions thereof, used for the general conduct of government (with exclusion of the removal of architectural barriers)
- General government expenses
- Political activities, facilities or equipment

Generally Ineligible

- Purchase of equipment, furnishings or personal property (unless such items constitute all or part of a public service or are necessary for use in the administration of activities assisted with CDBG funds).
- General operating and maintenance expenses (unless associated with public service activities or office space for City program staff).
- **New housing construction** (New housing construction may only be undertaken by a **Community Based Development Organization (CBDO)**. **Please verify eligibility with the Special Projects Coordinator in the Office of Management and Budget prior to applying for new construction funding.** See CBDO definition under Special Activities by Sub-recipients)
- Income payments
- Religious activities or support of primarily religious entities.

City of New Haven CDBG Funding Priorities for 2012 – 2013*

The City is expecting a substantial reduction in CDBG funding for the 2012-2013 Program Year ranging from 10% to 30% less than prior years' allocations. This reduction has necessitated a narrowing of funding priorities in order to address established needs with the limited resources available. **The funding priorities for program year 2012/2013 are evidence -based:**

- Positive youth development activities
- Job training/employment opportunities
- Public safety
- Neighborhood revitalization

- Rehabilitation of existing housing stock with a higher priority given to construction ready projects.
- The City will not solely finance any programs or projects. Instead, Consolidated Plan resources will be utilized as Gap Financing or to leverage other Project/Program Funding.
- Applications must include verifiable leveraging of funds for the activities proposed. Applicants must also identify the potential sources of leveraged fund(s) in this application.
- Applications which can demonstrate partnerships with other non-profit organizations and/or local government agencies.
- Youth-servicing agencies should pay particular attention to partnerships and connections between the schools, the local parks and recreation department, the local youth department, the local health department and other youth service providers to increase access to supports and services; promote a safe and healthy lifestyle; and support overall child development and learning.

Eligible applicants will be required to **demonstrate an ability to leverage existing funding and form meaningful partnerships** with area agencies (including local government agencies) to avoid duplication of services. Viable projects, meeting all funding criteria and addressing these priorities will be given funding preference.

***Please note that CDBG funding can only be provided to organizations located in New Haven and directly benefiting New Haven residents.**

SECTION II (B)
**HOME INVESTMENT PARTNERSHIP (HOME)
PROGRAM DESCRIPTION**
(24 CFR Part 92 – HOME Investment Partnerships Program)

HOME is a federal housing block grant. HOME gives states and local governments the ability to fund a wide range of housing activities for low-income households in any neighborhood in the City. It encourages creativity and partnerships among government, private financing agencies, developers and not-for profits. Federal HOME dollars are allocated to Participating Jurisdictions. Since 1992, the City has had access to approximately \$1,500,000 each year. These funds pay for project financing and administrative costs related to the operation of the HOME program. **Funding will only be provided to housing activities within the City of New Haven.**

HOME provides affordable housing opportunities:

1. Homeowner assistance is available to households at or below 80% of the Area Median Income (i.e., \$64,200 for a family of four).
 - Homeowner purchase programs: The City currently offers deferred loans for down-payment and closing cost assistance to help homebuyers acquire formerly blighted buildings. This assistance is available to those occupying 1-4 family houses, condominiums, and cooperatives.
2. Assistance is available for multi-family rental projects where the occupants' income cannot exceed 60% of Area Median Income (i.e., \$50,220 for a family of four). Transitional housing, group housing and permanent housing may be assisted. The availability of support services for residents is encouraged and is given special consideration.
 - Developers may include not-for profit agencies, as well as private developers. The City has stated its preference for not-for-profit development, particularly for certain community-based organizations known as Community Housing Development Organizations (CHDOs).
 - Allowable activities include: acquisition, rehabilitation, construction, relocation, site improvements and project soft costs.
3. Tenant based rental assistance: The City may create a pool of funds to provide rental assistance which could operate like either Section 8 or the State RAP Program. Certificates may be made available for up to two years. Applicants may reapply at the end of the contract period. *The City does not provide this assistance at this time.*
4. HOME Funds are committed for specific projects, not potential activities, unless undertaken by a CHDO. CHDOs have access to pre-development funds to carry out certain tasks which determine the feasibility of a specific project and to gain site control. *There are limits placed upon funds available for this use.*
5. Prohibited activities:
 - Replacement reserves, project reserves, operating subsidies;
 - Tenant-Based Rental Assistance to existing Section 8 programs;
 - Public Housing (Parts 965 and 968)
 - Further investment in a HOME subsidized project except within the first year of operation or through tenant-based rental assistance;
 - Emergency Housing;
 - Payment for or reimbursement for the acquisition of City-owned property originally purchased with other federal funds.

SECTION II (C)
HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS (HOPWA)
PROGRAM DESCRIPTION
(24 CFR Part 574 – Housing Opportunities for Persons With AIDS)

HOPWA (Housing Opportunities for Persons with AIDS) is a federally funded program designed to provide States and localities with resources and incentives to devise long-term comprehensive strategies for housing assistance and services for low –income persons living with HIV/AIDS and their families. The program provides formula-based grants to eligible metropolitan areas and States based on the number of reported cases of AIDS in the area.

HOPWA funds may be used to assist all forms of housing designed to prevent homelessness for persons living with HIV/AIDS, including mortgage and utility assistance, security deposits, shared housing arrangements, apartments, single room occupancy (SRO) dwellings, and community residences. Appropriate supportive services must be provided as part of any HOPWA assisted housing.

The State of Connecticut has been an entitlement area since FY 1992. New Haven became an eligible Metropolitan Statistical Area in FY 1996 when it exceeded the 1500 case threshold. The number of Persons Living with HIV/AIDS (PLWHA) in New Haven County reported by the CT Department of Public Health through December 31, 2009 is 3,186. New Haven ranks second in the State with the highest number of PLWHA.

ELIGIBLE ACTIVITIES

- Housing Subsidy Assistance
 - Tenant Based Rental Assistance (TBRA)
 - Permanent and Transitional/Short Term Facility Based subsidies and operational costs
 - Short Term Rent, Mortgage, and Utility payments (STRMU)
- Housing Development
 - Facility based units developed with capital funding
 - Conversion, repair and rehabilitation
- Supportive services (No more than 35% of the total grant request)
- Housing Placement Activities
 - Housing Information Services
 - Permanent Housing Placement, such as security deposits
- Technical assistance
- HMIS compliance costs (licenses, technical assistance, hardware, etc)
- Administrative Costs (Limited to 7% of total award)

HOPWA PRIORITIES

- To maintain essential housing and supportive services for people living with HIV/AIDS.
- To ensure access to safe, permanent, affordable housing units.
- To coordinate housing services to ensure that all available housing programs are utilized effectively.
- To ensure that services are distributed and funded equitably across the entire MSA

Note: For New Haven Metropolitan Statistical Area (MSA) see instructions page 11.

SECTION II (D)
EMERGENCY SHELTER (SOLUTIONS) GRANT (ESG)
PROGRAM DESCRIPTION
(24 CFR Part 576 – Emergency Shelter Grants Program)

The Emergency Shelter Grant Program (ESG) is a federal block grant under the Stewart B. McKinney Homeless Assistance Act and is administered by the U.S. Department of Housing and Urban Development. ESG amounts are to be used for services to homeless individuals and families in these major categories:

- Renovation or major rehabilitation of emergency shelter facility
- Essential services, maintenance and operation of emergency shelter facility
- Development and implementation of homeless prevention activities

Since 1987, the City has received annual formula allocations ranging from **\$58,000** to **\$196,000**.

In May 2009, President Obama signed the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009. The HEARTH Act amends and reauthorizes the McKinney-Vento Homeless Assistance Act with substantial changes, including:

- A consolidation of HUD’s competitive grant programs;
- A change in HUD’s definition of homelessness and chronic homelessness;
- An increase in prevention resources; and,
- An increase in the emphasis on performance.

To date, HUD has published new definitions of homelessness with the remainder of the proposed regulations to be issued at a later date. As a result of the HEARTH Act, HUD is in the process of transitioning from providing the current Emergency Shelter Grant Program to a new program entitled the Emergency Solutions Grant Program. It is anticipated that this new grant program will begin implementation during the 2012-2013 Program Year. In order to incorporate anticipated changes and regulatory requirements of the new program into its proposed Plan the City will structure its funding allocations to reflect the intent of the soon to be implemented Emergency Solutions Grant Program. One of the main changes of the new program will be an increased focus on homeless prevention services and re-housing activities. As such, 60% of the program resources will be allocated toward outreach, emergency shelter and housing activities and 40% of the program resources will be allocated toward homelessness prevention activities. Administrative resources will be allocated as needed according to final regulatory definition.

STATUTORY DEFINITIONS:

HOMELESS - An individual or family that lacks a fixed, regular and adequate nighttime residence or an individual or family that has as primary nighttime residence a privately or publicly operated shelter.

EMERGENCY SHELTER - Any facility which has as its primary purpose to provide temporary or transitional shelter for the homeless in general, or for specific populations of the homeless.

SECTION II (D) (continued)

- Not more than 10% for Staff Costs

* ESG program and administrative cap percentages are subject to change pending publication of the final Emergency Solutions Grant regulations.

SECTION III
INSTRUCTIONS

A. Applicants

Applications will be accepted for review from two types of applicants.

1. Sub-grantees

Sub-grantees are community or neighborhood-based nonprofit organizations or local development corporations duly organized to undertake eligible Community Development Block Grant (CDBG), HOME, Housing Opportunities for Persons with AIDS (HOPWA), or Emergency Shelter (Solutions) Grant (ESG) activities on a not-for-profit basis.

In order to receive CDBG, HOME, or ESG funds such sub-grantees must be located in the City of New Haven and must carry out activities which can be documented to directly benefit low- and moderate-income persons, (i.e., provide jobs, housing, services, rehabilitation, or development of neighborhood facilities). **HOPWA is a regional grant, therefore applicants for HOPWA funds must be located within the New Haven Metropolitan Statistical Area (MSA)** (See Below).** Applications for planning activities and administrative funds are not considered to provide direct benefit to low and moderate-income persons and will not be funded. Applications from sub-grantees must address program expenses and not the overhead or administrative expenses of the sub-grantee.

Note: If approved for funding, organizations must present a Certificate of Liability Insurance for coverage in the amount of \$1,000,000 - \$2,000,000 with the City named as an additional insured before entering into contract.

All sub-grantees must provide evidence of fiscal accountability prior to entering into contract for federal Consolidated Plan funding. No funds will be awarded if the agency is in arrears with City property taxes. All sub-grantees must also provide copies of a current Financial Audit, which must be filed no later than 180 days after the close of the agencies fiscal year unless an extension is filed, and/or their most recently filed IRS 990/990EZ, dependent upon their level of funding.

2. City Departments

City departments may submit requests for CDBG, HOME, HOPWA or ESG eligible activities that support the City's overall Consolidated Plan objectives.

****NEW HAVEN METROPOLITAN STATISTICAL AREA (MSA):**

Ansonia	East Haven	Milford	Oxford	West Haven
Beacon Falls	Guilford	Naugatuck	Prospect	Wolcott
Bethany	Hamden	New Haven	Seymour	Woodbridge
Branford	Madison	North Branford	Southbury	
Cheshire	Meriden	North Haven	Wallingford	
Derby	Middlebury	Orange	Waterbury	

B. Compliance Criteria

- Does the proposal meet at least one CDBG National Objective as described in the CDBG program section (see Instructions, Page 5)?
- Does the proposal fall within the category of eligible activities as defined by HUD in the CDBG, ESG and HOPWA program description section (Instructions, SECTION II)?
- Does the proposal address all applicable performance measurements as included in the application (see below)?
- Does the proposal meet at least one of the City's Five Year Consolidated Plan objectives found in Appendix E?

Proposals that do not meet the Compliance Criteria shown above cannot be considered for funding.

C. Performance Measurement and Outcome Indicators

The following outcome indicators, as applicable, will be required from each grantee as part of the City's monitoring and as part of each organization's close of year reporting. Recipients that are unable to provide measurable outcomes with observable indicators of change or progress, appropriate to the eligible category, will jeopardize future funding. Grantees must be prepared to provide the following information as applicable to their individual project.

Performance Outcome Indicators:

- Amount of money leveraged (from other public or private sources)
- Number of persons or households served
- Income levels of persons or households by very low, low or moderate income categories
- Demographic breakdown of persons or households served (racial/ethnic and disability status categories)
- Number of youth (where applicable) under age 18
- Number of youth (where applicable) under age 18 served with at least 85% school attendance for the academic year
- Number of youth obtaining academic support in an after school program for academic support (other than your own)
- Average number of hours per youth engaged in an after-school program for academic support (other than your own)
- Number of female-headed households served
- Number of housing units created
- Number of housing units rehabilitated (occupancy status - # of owners and # of rental units by household size and income levels)
- Number of individuals/families receiving utility and/or rental subsidies
- Number of individuals/families receiving security deposits
- Number of homeless persons who obtained permanent housing
- Number of persons with HIV/AIDS who obtain supportive or permanent housing
- Number of new businesses created
- Number of businesses retained
- Number of jobs created or retained
- Number of businesses assisted through technical services
- Number of commercial facades improved or commercial structures rehabilitated
- Acreage, square footage or linear footage of infrastructure improvements

The City of New Haven has developed a Grantee Funding Summary Report as part of its local Performance Measurement System to monitor the expenditures and performance of sub-recipients. The purpose of this document is to obtain, in a standardized format, the work plan, project details, milestones, budget,

accomplishments and expenditure details of each and every agency and/or funding recipient. If selected for funding, each recipient of funds will be required to complete a Grantee Funding Summary Report prior to contract award and for providing a summary of expenditures and accomplishments, as they correspond to the information provided in the Grantee Funding Summary Report, at least twice during the program year for performance reporting and evaluation purposes. Reports will be required by Jan 10th, for the period through Dec. 31st, and July 10th for the period through June 30th. The information provided in the report will be used to evaluate performance and can affect future funding allocations.

D. Evaluation Criteria

Applications meeting initial Compliance Criteria described above will be evaluated per the following:

- Does the applicant or organization have a track record of performance and proven ability to implement a program similar to the one proposed?
- How critical is the need for the services or project proposed? Does the proposed activity fill an identified gap?
- Does the proposal receive or provide client referrals to other agencies?
- Do the services and/or does the program duplicate any others in the service area?
- Have all the tasks/objectives and the schedule of goals to be completed been clearly identified? If the applicant received funding during the 2011-2012 grant year, are the identified goals being accomplished within the time frame established by the organization?
- Does the applicant have the capacity to expend the funds requested within the program year and produce measurable outcomes?
- If the applicant has received funding in the past have their identified goals and milestones been met successfully? Will this project provide a measurable benefit to the neighborhood it serves?
- Has an estimate of necessary resources been compiled into a realistic budget? Have the proposed expenses been justified as they relate to the purpose of the funding? Is the budget separate from other activities carried out by the organization?
- Does the proposed program meet goals outlined within the application?
- If a public service, is it a new service? If not, does the application illustrate how the proposed program increases or expands current services?
- Is the program a renewal that continues to perform well and meet identified community needs?
- Does the agency have a track record in delivery of this type of program? Does the agency have the capacity to deliver the proposed program? Does the agency have the capacity to handle financial resources with adequate internal control and acceptable accounting procedures?
- Does the financial documentation provided demonstrate that the applicant is financially sound at the time of application?
- Has the organization demonstrated the ability to use City/Federal funds to leverage other funding? Organizations that have sought additional non-city funds will be given priority in the evaluation. **Note: Contracts may not be entered into until leveraged sources of funds are committed and are verified.**
- If the agency received grant funds from the City of New Haven in past years, were all City and Federal requirements as prescribed and agreed to, met?
- At what stage is the proposed project? Is the project ready to move forward, i.e., has a site been selected, is there an acquisition plan, have specifications and feasibility studies been prepared?
- Are the expenses itemized in the overall budget essential to the proposed project? Expenses that can be interpreted as general operational or administrative costs will receive a low funding priority.
- Is there a possibility of potential conflicts of interest?
- Does the ESG or HOPWA activity ensure access to safe, permanent, affordable housing units, a well-structured transitional housing system and/or appropriate supportive services which ensure access to housing?

E. Funding Criteria

- The City will not solely finance any programs or projects. Instead, Consolidated Plan resources will be utilized as Gap Financing or to leverage other Project/Program Funding.
- Applications must include verifiable leveraging of funds for the activities proposed. Applicants must also identify the potential sources of leveraged fund(s) in this application.
- Applications providing direct services must demonstrate an ability to partner and collaborate with other non-profit organization in order to become more effective with the limited resources.

F. Application Submission

1. Submit the original plus two copies of the completed application, with the original marked on the cover page as “**Original.**”
2. All applications must be **submitted to the:**

**Office of Management and Budget
165 Church Street, Third Floor
New Haven, CT 06510**

**Submissions must be hand delivered to the Office of
Management and Budget no later than**

**Monday, November 21, 2011
5:00 p.m.**

Late applications will not be accepted.

- **DO NOT DUPLICATE APPLICATIONS PREVIOUSLY SUBMITTED. DUPLICATED APPLICATIONS WILL BE REJECTED WITHOUT APPEAL.**
- **DO NOT RETURN INSTRUCTIONS WITH THE COMPLETED APPLICATION.**
- **IF YOUR PROGRAM FITS INTO MORE THAN ONE CATEGORY YOU MUST SUBMIT A SEPARATE APPLICATION FOR EACH ACTIVITY (i.e. applying for CDBG public improvements and CDBG public service on one application is not allowable or applying for ESG and CDBG on one application is not allowable). IF TWO CATEGORIES ARE APPLIED FOR IN ONE APPLICATION THE APPLICATION WILL BE REJECTED.**
- **PLEASE READ THE DESCRIPTIONS OF THE CATEGORIES CAREFULLY. IF YOU APPLY FOR THE WRONG CATEGORY YOUR APPLICATION MAY BE REJECTED (i.e. apply for HOPWA when you meant to apply for CDBG funding or apply for CDBG: Economic Development when you meant to apply for CDBG: Public Service).**

2f. Activity Sheet #6

Housing for People with AIDS (HOPWA)

POPULATIONS SERVED:

The profile of those living with HIV/AIDS in New Haven County is:

- (1) 65% male; 35% female;
- (2) 34% White; 36.5% Black; 28.5% Latino/a; and 1% Other;
- (3) Injection drug use is the largest transmission route standing at nearly 64.5% of those living with HIV/AIDS.

- (1) Given this profile of the MSA, compare your current client census and discuss any similarities and/or discrepancies.
- (2) Explain how the agency service plan is tailored to fill service gaps identified for the populations described in the Consolidated Plan or Ryan White Statements of Need.
- (3) Describe how the agency tracks ongoing needs within the population served by the agency (waitlist, HMIS data, etc).
- (4) Identify how many people are currently being served by the organization vs. the number of clients housed in FY 10 and FY 11 and discuss significant increases or decreases in client utilization during that time period.

DEMAND:

- (5) Describe the impact of the services to be provided by the organization based on the demand (need vs. actual service utilization) as follows:
 - Number of beds, slots or housing units and the average duration of stay during the previous operating year.
 - Number of clients to receive housing assistance and the maximum duration of time the rental assistance is to be provided
 - Types and service units of supportive services (non-housing) to be provided to address the special needs of clients addressed in your needs statement, to locate, secure and maintain safe and secure housing. This narrative should correspond to the completed HOPWA Proposed Activity Grid located at the end of the HOPWA section.

ACCESS AND ELIGIBILITY:

- (6) Describe how the organization will ensure access to housing, whether this is permanent, transitional housing or supportive services and how affordability will be ensured while the client is receiving HOPWA funded housing services and after program exit.
- (7) Describe the process for client eligibility for housing or support services including enrollment into Medicaid and other entitlements. Attach your organization's Eligibility Determination Form.

HMIS

- (8) Describe the agency's experience with the locally established HMIS system, and how the agency will employ the HMIS system to evaluate program outcomes.

- (9) Please describe the process by which the agency intends to share data within the HMIS system with other agencies in the HOPWA network of services. Attach all interagency Memorandum of Understanding documentation.

ORGANIZATIONAL CHANGES LEADING TO EXPANDED CAPACITY:

- (10) Describe any significant changes in the organization resulting in new activities (i.e., new access points, expanded client capacity, service expansion, new funding, staffing changes) within the past 12 months.

PROGRAM MONITORING:

- (11) Since permanent housing and/or a stable living environment is the ultimate goal and expected outcome, describe the procedures that are in place to monitor and document the progress of clients from entrance into the program to permanent placement and post program exit.
- (12) Describe the steps taken to enroll clients into supportive services both within the agency and community wide programs and give an example of the programs available to help clients transition to independent living.

QUALITY IMPROVEMENT/EVALUATION AND AUDITS:

- (13) Describe current and planned activities to assure service quality and how these services enable individuals to access and maintain stable living arrangements.
- (14) Describe the performance improvement system or the method for monitoring and evaluating the quality and outcomes of services provided (staff management and training, quality assurance programs, client feedback, evaluation plans, etc).
- (15) Describe the organization's quality improvement plan and staff responsible for monitoring the plan and applicable standards. Identify key persons with expertise in quality management and program evaluation and their role(s) in conducting such activities. If external audits have been done, please include the date and results. Include copies of monitoring result letters cited.

COLLABORATION:

- (16) Describe collaboration with other housing and supportive service providers within the community and its impact on improving service delivery and reducing barriers to effectively keep clients in stable housing. Provide a specific list of these providers and describe the benefit of the collaboration, and include copies of applicable Memorandum of Understanding documentation and/or service delivery agreements.
- (17) Given the array of housing and social service programs, describe what process(es) are used to avoid duplication of effort, both within the organization and community wide.
- (18) Identify both non-HIV/AIDS and HIV specific housing and supportive services and each organization's role to support the type of housing assistance requested in this application. Attach all relevant service agreements.

Complete the HOPWA Proposed Activity Grid on the following page. When completed, continue with Question 3, Application Section, Page 19.

19d.) STATEMENT ASSURING COMPLIANCE WITH APPLICABLE ENVIRONMENTAL REGULATIONS

The use of Federal funds triggers the requirement of compliance with Federal environmental regulations developed by the Department of Housing and Urban Development (HUD). These regulations, contained in 24 CFR Part 50 and Part 58 "Environmental Review Procedures for Recipients Assuming HUD Responsibilities" (available for review in City Plan Department), require compliance with the National Environmental Policy Act (NEPA), as well as several related Federal laws, regulations and Executive Orders. In order to ensure compliance with these environmental regulations the City shall require a complete description of all physical work to be undertaken, including specifications and drawings where applicable. This information is necessary to ensure that all environmental reviews and paperwork can be completed by the City in order to satisfy HUD requirements. No funds will be released or vouchers paid for physical activities unless environmental clearance has been obtained from HUD. NO construction activities may occur without formal notification from the City that the release of environmental conditions has occurred.

All physical projects must comply, where applicable, with environmental requirements, guidelines and statutory obligations in the following areas, as outlined in 24 CFR Parts 50 and 58, Historic Properties Protection; Floodplain Management and Wetland Protection; Coastal Zone Management Requirements; Sole Source Aquifer Protection; Wildlife, Endangered Species, and Wild and Scenic River Protection; Water Quality Regulations; Air Quality; Solid Waste Management Regulations; Farmland Protection; and other HUD Environmental Standards.

All work plans will be reviewed to ensure compliance with applicable environmental standards. The following sections briefly outline the statutory compliance areas which will affect most physical activities undertaken with CDBG funds.

Historic Properties: All properties to be rehabilitated, renovated, demolished or physically changed in any manner will be reviewed to determine if they are contained on the New Haven Historic List. If a structure is contained on the Historic List, rehabilitation or renovation activities must adhere to the National Secretary of the Interior's Standards for Rehabilitation. Any proposed activity which does not adhere to the Secretary of the Interior's Standards must be reviewed by the Connecticut State Historic Preservation Office (SHPO) prior to commencement of the activity. All requirements outlined by SHPO and, where necessary, the Advisory Council on Historic Preservation, must be met before funds can be released. These requirements also pertain to demolition activities.

Air Quality/Asbestos Abatement: Prior to any rehabilitation, demolition or heating and ventilation improvement activity, all areas to be disturbed must be inspected for the presence of asbestos containing materials (ACM's). If asbestos is found in areas to be disturbed, all asbestos-containing materials must be completely removed by a NESHAP certified asbestos removal contractor and disposed of in accordance with all local, State and Federal laws and requirements prior to the commencement of any construction or demolition work. All records documenting compliance with local, State and federal laws and regulations must be presented to the City prior to the commencement of any construction activity to obtain the release of funds. If the inspection determines that no asbestos is present in the areas to be disturbed, a signed letter stating the date of inspection and the absence of asbestos must be presented to the City.

Lead-Based Paint Abatement: Prior to the rehabilitation of any residential structure or non-dwelling facility commonly used by children under seven years, all applicable surfaces of units constructed prior to 1978 shall be inspected to determine if lead-based paint surfaces exist. If defective lead-based painted surfaces are present, notification and abatement, in accordance with all local, State and Federal laws and regulations must occur prior to the release of funds. If no lead-based paint is present, a signed letter, stating the date of inspection, the name of the inspector, and the absence of lead-based paint, must be presented to the City. The City's Department of Health provides all inspection services for asbestos and lead in relation to funded projects.

Other Applicable Statutory Requirements: If a property to be rehabilitated is located within a flood zone, wetland area or coastal zone, the proposed project must be reviewed to ensure consistency with applicable local, State and Federal regulations. If the subject property is located in an airport clear zone or within an industrial/commercial area the project must be reviewed to ensure that any potential site safety hazards are addressed.

To the best of your knowledge:

Does the proposed project area contain lead-based paint?

Yes No Unsure

Does the proposed project area contain asbestos containing materials?

Yes No Unsure

As the applicant, the undersigned assures the commitment to compliance with the environmental Regulations outlined by HUD.

19e.) STATEMENT ASSURING COMPLIANCE WITH DAVIS BACON & RELATED ACTS

STATUTORY PROVISIONS

Davis-Bacon Act and “Related Acts” apply to contracts in excess of \$2,000 in which HUD funds are utilized for construction-related activities which involve the employment of laborers and/or mechanics.

Such HUD-assisted construction contracts must contain federal labor standards provisions with respect to minimum wages, fringe benefits, payments without deductions or rebates, withholding funds from contractors to ensure compliance with the wage provisions, and termination of contract or debarment for failure to adhere to the required provisions. Exceptions to the Davis-Bacon requirement include:

- Contracts \$2,000 or less;
- Section 8 housing with fewer than nine units, or which is built or rehabilitated prior to any agreement between the Secretary of Public Housing Agency and builder or sponsor for its use;
- Rehabilitation of residential property designed for residential use by 1-8 families; and
- Construction of residential property designed for residential use by 1-12 families.

REGULATORY PROVISIONS

The City of New Haven has responsibility for day-to-day labor standards enforcement in administering HUD-assisted programs. Third party recipients are responsible for ensuring compliance with federal labor standards.

LABOR STANDARDS REQUIREMENTS

A construction project covered by Federal labor standards requires that the City of New Haven (with the assistance of the third-party recipient) take a series of specific actions prior to the actual start of construction. Those actions include:

- a) providing a detailed scope of services to obtain an applicable wage determination for the project;
- b) including the wage determination (and any modifications) in the bid documents;
- c) adding any job classification needed but not listed in the wage determination;
- d) including appropriate labor standards provisions and the wage determination in the construction contract;
- e) holding a pre-construction conference to explain labor standards;
- f) checking the prime contractor for eligibility status.

WAGE DECISIONS

All construction bid documents and contracts or similar instruments covered by Federal labor standards must contain a current and applicable federal wage decision issued by the U.S. Department of Labor.

NOTE: Updated project wage decisions must be requested if delays of more than 60 days occur in the bidding or contract award process.

CONTRACTOR ELIGIBILITY

Prior to awarding any contract, third party recipients must contact City of New Haven project staff to verify contractor eligibility and that contractor is not included on HUD list of debarred contractors.

PRECONSTRUCTION CONFERENCE

The City of New Haven representatives shall hold a conference with the principal contractor and all available subcontractors prior to the start of construction at which time they are advised of their responsibilities and obligations regarding the labor standards provisions and the wage determination contained in the contract documents.

CONSTRUCTION START

The City of New Haven project staff must be advised in advance of the construction start date.

WEEKLY PAYROLLS

Each contractor and subcontractor and any lower-tier subcontractor must submit (through the prime contractor) weekly payrolls for each work week from the time work is started on the project until it is completed. Weekly payrolls must be numbered sequentially, and the last payrolls marked "Final".

As the applicant, the undersigned assures commitment to compliance with the Davis-Bacon Act and Related Acts.

19f.) STATEMENT ASSURING COMPLIANCE WITH HUD ACT OF 1968

STATUTORY PROVISIONS

Section 3 of the HUD Act of 1968 applies to contracts in excess of \$200,000 or where contracts to contractors are in excess of \$100,000 in which any HUD funds are utilized for construction, renovation and rehabilitation activities, including lead paint, regardless of ownership. Such HUD-assisted contracts must contain Section 3 provisions with respect to employment and other economic opportunities, withholding funds from sub-recipients to ensure compliance with the Section, and termination of contract or debarment for failure to adhere to the required provisions.

REGULATORY PROVISIONS

The City of New Haven has responsibility for day-to-day enforcement in administering HUD-assisted programs. Third party recipients are responsible for ensuring compliance with Section 3.

SECTION 3 DEFINITIONS

Section 3 Residents are defined as low-income persons who live in the area in which a HUD-assisted project is located.

Section 3 Businesses are defined as those:

- a. Where at least 51% ownership is by Section 3 residents; or
- b. Which employ at least 30% Section 3 residents in full-time positions; or
- c. Which subcontract in excess of 25% of the total dollars awarded to businesses which provide economic opportunities to low income persons.

HIRING & CONTRACTING REQUIREMENTS

Training and employment and contracting opportunities generated by HUD-assisted activities covered under Section 3 must be directed toward low-income persons.

Training and employment is required, to the greatest extent feasible, at all job levels and Section 3 residents must be employed as new hires.

1. For public housing programs Section 3 requires that the aggregate number of new hires/training opportunities be 30% of the residents. Contracting preferences must be provided for Section 3 businesses, evaluating businesses on other than price alone.*(Refer to Section 3 appendices for established guidelines).
2. 10% of the dollar amount for building trades work
3. 3% of the dollar amount for all other businesses.

*NOTE: HUD examines employment and contract records for evidence of actions taken to train and employ Section 3 residents and to award contracts to Section 3 businesses.

As the applicant, the undersigned assures commitment to compliance with Section 3 - HUD Act of 1968.

20.) POLICY STATEMENT

ACCESSIBILITY TO FACILITY & SERVICES

ORGANIZATION: _____

All entities receiving funding from the federal government must comply with Section 504 of the Rehabilitation Act of 1973 which prohibits discrimination based on disability, requires program accessibility for persons with disabilities, accommodations for persons with disabilities and the development of a grievance procedure, self-evaluation and transition plan. Facilities may also be required to comply with the applicable accessibility standards depending on time of construction or renovations. Generally, a self-evaluation is an assessment of barriers for persons with disabilities within the applicant's organization and a transition plan is a plan to eliminate the barriers identified in the self-evaluation.

The Americans with Disabilities Act applies to most funding recipients and also requires non-discrimination based on disabilities and various levels of accommodations. Additionally, the ADA precludes the City of New Haven from entering into a contract with any entity that discriminates based on disability.

To ensure that persons with disabilities have access to all the programs and services that benefit from federal funding the City of New Haven will require grantees to present to the City a copy of its grievance procedure, self-evaluation and transition plan prior to entering into a contract with the City. Additionally, the contract will require the grantees to agree to comply with both the applicable sections of the Rehabilitation Act of 1973 and the ADA.

Applicants and grantees may contact the Department of Services for Persons with Disabilities for technical assistance. The City will provide training to grantees on accessibility for persons with disabilities and the barrier-elimination planning process prior to entering into a contract with the City of New Haven.

Applicants may want to include in their application costs associated with compliance with the applicable accessibility requirements of the above referenced federal laws.

Please describe how the applicant provides program access for persons with disabilities:

Please describe the applicant's accessibility for persons with physical disabilities:

Please identify the individual in the applicant's organization responsible for insuring persons with disabilities have access to the applicant's services:

HOME FUNDING PROCESS

Interested Sponsors/Developers will be asked to complete a Developer's Package that should include the following information:

1. Identification of Sponsor/Developer including names of principals and staff, development track record, designation as CHDO, if applicable, proof of 501 (c)(3) status, if applicable, identification of architectural, engineering, accounting, legal and any other consultants participating as part of the development team, and a recent developer's audited financial statement. Names, resumes, addresses, and telephone numbers should be included. If your organization has submitted this information to us previously, you do not need to re-submit it.
2. Description of the Proposal including the location, type of housing proposed, number of units (assisted and unassisted units), size of units (number and distribution by bedroom size) current ownership of the property, ownership of property after project completion, and plans for ongoing management of property.

Indicate whether the project is consistent with the City's Consolidated Plan for Housing and Community Development.

Indicate whether the developer has site control and what form (attach documentation).

Provide a map identifying project site, a preliminary sketch for new construction or photograph for rehabilitation, site plans and elevations if possible. Is the property zoned for the project you proposed? Is the property located within an Urban Renewal Area, Enterprise Community, or other revitalization area?

Attach a time schedule for the development of the project including planning, acquisition, construction, marketing and close-out.

Describe whether or not this plan has been discussed with neighborhood groups and any elected officials. Please provide any letters of support.

Please provide income distribution of current and/or future occupants (an approximation is sufficient, at this time). What measures will you take to prevent permanent relocation? Will temporary relocation be needed?

3. Project Financing including completed pro-forma showing sources and uses for (a) pre-development costs (if you are requesting City assistance only), (b) development costs and (c) ongoing operations (unless units are to be sold). Please attach documentation for all commitments of funding from other sources, and list any restrictions this funding brings.

Once these items are complete the following will occur:

- The completed Developer's Package will be submitted to LCI where it will be reviewed and evaluated for completeness and for consistency with the Consolidated Plan and with other City priorities outlined in the Application Review.
- The appropriate neighborhood corporation and/or Aldermanic representative will be notified of any approved proposals and will be invited to review and submit comments to LCI about the project. LCI will forward complete submissions including comments from neighborhood groups to the Mayor.

Terms of a Development Financing Agreement

A contract must be entered into between the City and the Developer, which spells out the terms and conditions of financial assistance for a project. Project Specifications will be attached as an exhibit to the contract. Certification of tenant income, Affordability criteria, and unit inspection requirements are dictated by Federal statute and HUD regulations and will be incorporated into every project contract. Part II of the City of New Haven Contract for Third Party Services will be attached to and incorporated into performance requirements which concern Equal Opportunities, Fair Housing, Environmental Compliance, Handicapped Accessibility, etc. HOME Program rents (if applicable), tables and guidelines established in 24 CFR §92.252 will be attached to and into the Agreement.

Application Review

LCI will review each application, first, to determine that it meets several basic threshold requirements, and second, to prioritize it according to how fully it meets these requirements and how closely it matches the City's other priorities.

THRESHOLD REQUIREMENTS: To be considered for funding, a project must at a minimum meet the following conditions:

- A. Capacity and Track Record of Applicant: Does the proposed development team have the qualifications, the capacity, and the demonstrated capabilities to make it reasonably likely that they will be able to carry out a successful project?
- B. Project Feasibility: Is the project's overall financial plan and the assumptions it is based upon reasonable and sound?
- C. Suitability of Project: Is the project in a location that is suitable for its proposed use?
- D. Consideration of Larger Neighborhood Plan: Is there a broader neighborhood based plan into which the project fits which addresses other blighted or problem properties nearby?
- E. Basic Affordability: Are the proposed rents or prices within the range that is affordable to low-to-moderate income households, in conformance with the guidelines of our funding sources?
- F. Completeness of Application: Has the applicant submitted all the information LCI has asked for in the application?

OTHER PRIORITIES:

- A. Readiness to Proceed: How close is the project to getting underway, based on the thoroughness of the overall plan and the level of commitment from other funding sources?
- B. Local Support and Involvement: How supportive are neighbors, local community groups, and others who may have an interest in the project? How involved has the community and/or the project's future residents been in the development of the project?
- C. Need: Is there a real, demonstrated need for the proposed type of housing in the proposed location?
- D. Efficient Use of City Funds: Is the per-unit amount of City funding requested reasonably low? Has the applicant sought out other available sources of funding?
- E. Long-Term Affordability: Will the units continue to be affordable to low-to-moderate income households well into the future?
- F. Long-Term Upkeep: How likely is it that the property will continue to be well-maintained well into the future?
- G. Job Creation: Will the project create employment opportunities for local low income residents?
- H. MBE/WBE Goals: Will the applicant promote the use of minority and women owned business enterprises, and promote the hiring of minorities and women as part of the workforce?
- I. Blight Removal: Does the project involve the improvement of currently blighted buildings or areas?

Appendix C
Energy Star Qualified Homes
Achieving the Energy Star Qualification

ENERGY STAR qualified homes are either built or substantially rehabilitated (gut rehab) to strict energy-efficiency guidelines using tried-and-true technologies and construction practices. Because ENERGY STAR qualified new homes use substantially less energy through more efficient heating, cooling, and water heating equipment, occupants can expect to save about \$200-\$400 annually on their utility bills.

Any single-family or multifamily residential building that is three stories or less in height can qualify to receive the ENERGY STAR label. This includes traditional site-constructed homes as well as modular, systems-built (e.g., insulated concrete forms, structural insulated panels), and HUD-code manufactured homes. To earn the label, a home must be least 30% more energy-efficient in its heating, cooling and water heating than a comparable home built to the 1993 Model Energy Code (MEC), and 15% more efficient than the state energy code as determined by a third party Energy Star Certified Inspector.

The City is in the process of incorporating Energy Star requirements into its third party agreements as recommended by HUD for both the HOME and CDBG programs. The following language is being considered for incorporation into the City's RFPs and/or procurement processes for CDBG and HOME new construction and gut rehabilitation projects per HUD recommendation.

“All new and gut rehab residential buildings up to three stories shall be designed to meet the standard for Energy Star Qualified New Homes (≤ 80 on the **HERS** Rating Scale). All Procedures used for this rating shall comply with National **Home Energy Rating System** guidelines.”

Small Business Enterprise

City of New Haven Ordinance Article 12—1 Small Business Initiative requires that all construction contractors aggressively make every effort to obtain twenty-five (25%) percent of the City funding for MBE subcontracting.

Appendix E

Goals, Objectives and Priorities for the 2010-2014 Five-Year Plan

The Strategic Plan portion of the Consolidated Plan contains a description of the City's overall goals and objectives for housing and community development; outlines proposed projects, programs and activities to meet needs; describes proposed accomplishments and milestones and describes the City's method for measuring performance and project monitoring.

As a result of its many ongoing planning processes, New Haven has developed a vision for the future of the City which strives to achieve the three goals embodied in its federal entitlement programs. These goals are to:

- Provide Decent Housing
- Provide a Suitable Living Environment
- Expand Economic Opportunity

The City's broad-based objectives for meeting its housing and community development needs are as follows:

OBJECTIVE: To preserve and improve the existing housing stock.

OBJECTIVE: To improve access to a range of choices of safe, supportive and affordable housing opportunities for all New Haven citizens where they become part of diverse neighborhood environments.

OBJECTIVE: To stabilize neighborhoods through the enforcement of property maintenance, code enforcement, and the removal of blight.

OBJECTIVE: To improve access to homeownership for low, moderate and middle income families.

OBJECTIVE: To improve access to quality homes for low, moderate and middle income families.

OBJECTIVE: To encourage sustainable green building designs into the construction of new housing stock or the renovation of existing housing stock.

OBJECTIVE: To stabilize neighborhoods in response to the decline in the existing housing market and prevent housing foreclosures by offering support services, education and technical assistance to existing homeowners and first time homebuyers.

OBJECTIVE: To continue to create a regional approach to housing and housing related services while coordinating and improving interagency collaboration.

OBJECTIVE: To partner with local and regional agencies in order to achieve the goals and objectives for sustainability within existing and new developments within the city.

OBJECTIVE: To provide a continuum of care system of supportive housing opportunities that provide safe shelter while homeless children, youth, families, and individuals work their way toward self-sufficiency.

OBJECTIVE: To develop additional critically needed flexible housing options principally benefiting low, moderate and middle income persons and families including transitional, supportive and permanent housing.

OBJECTIVE: To promote housing along with supportive services and economically sustainable professional/personal and retail services for low, moderate and middle income families.

OBJECTIVE: To eliminate childhood lead poisoning with in the City of New Haven.

OBJECTIVE: To increase the number of housing units accessible to persons with disabilities.

OBJECTIVE: To provide supportive housing for persons with special needs (e.g. persons with HIV/AIDS, the elderly, persons with disabilities, persons with mental health illnesses and persons with other chronic illnesses).

OBJECTIVE: To support healthy aging in place for low-income seniors in new housing developments.

OBJECTIVE: To support health-conscious, community-friendly neighborhood revitalization activities in targeted neighborhoods.

OBJECTIVE: To empower individuals (including children and youth) and families and strengthen neighborhoods through the provision of public services facilities and policies.

OBJECTIVE: To provide equal access to all City residents.

OBJECTIVE: To find a balance between historic preservation, anti-blight improvements, revitalization and the provision of affordable housing.

OBJECTIVE: To assist in the retention and creation of jobs for low- and moderate-income residents of New Haven.

OBJECTIVE: To provide for the expansion of livable wage jobs and economic opportunity as the foundation for neighborhood revitalization.

OBJECTIVE: To enhance and market New Haven's position as a center for technology-based industry, healthcare enterprises and child/youth friendly endeavors.

OBJECTIVE: To create affordable and accessible childcare facilities for working families.

OBJECTIVE: To enhance the technical skill set of local residents through workforce training and career development opportunities and to encourage the creation of jobs that match the skill set of these residents.

OBJECTIVE: To support Downtown and creative industries development.

OBJECTIVE: To promote mixed use opportunities with retail and shopping closer to housing and transit oriented developments.

OBJECTIVE: To develop complete streets by reconnecting the street grid, improving bike and pedestrian facilities and initiating traffic calming projects.

OBJECTIVE: To create a suitable and health-conscious living environment by encouraging streetscape enhancements, pedestrian links, and building and infrastructure improvements where necessary.

Housing and Community Development Funding Priorities:

As a result of past experience, a multi-phase needs analysis and thorough planning processes, the City has developed a number of funding priorities to guide its housing and community development activities over the five year Consolidated Plan strategy period. These priorities and the objectives outlined above are used to guide program/project selection and the allocation of funding. They are as follows:

Housing and Community Development Funding Priorities:

- Preservation and rehabilitation of existing housing stock serving low, moderate and middle income persons and families;
- Development of mixed use and mixed income development projects;
- Production of more decent affordable housing through acquisition, rehabilitation, rental subsidies, new construction and home ownership incentives;
- Improved access to homeownership for low, moderate and middle income families;
- Development of additional critically needed flexible housing options principally benefiting very low, low moderate and middle income persons and families including transitional and permanent housing;
- Increase the number of housing units accessible to persons with disabilities;
- Increase the stock of affordable housing for persons with disabilities;
- Provision of emergency housing and services to homeless individuals and families seeking shelter including children and youth;
- Provision of prevention and maintenance services to families and individuals to reduce the risk of becoming

homeless;

- Provision of support services, education and technical assistance to existing homeowners and first time homebuyers to prevent housing foreclosures.
- Provision of supportive housing for persons with special needs (e.g., persons with HIV/AIDS, the elderly, persons with disabilities);
- Develop services that target at-risk populations, particularly substance abusers, during the transition from homelessness or institutional settings to permanent housing;
- Create additional supportive services to prevent and reduce homelessness within the community, providing transportation when required, and offering flexible hours.
- Implementation of a regional approach to housing and housing related services while coordinating and improving interagency collaboration.
- Provision of a continuum of housing and related support services to expand housing opportunities for special needs and low and moderate income individuals and families.
- Retention and creation of additional living wage jobs with benefits for low and moderate income residents of New Haven;
- Expansion of living wage jobs and economic opportunity as the foundation for neighborhood revitalization; including micro-enterprise development (businesses employing five or fewer individuals);
- Creation of affordable and accessible child care facilities for working families
- Enhancement of the technical skills residents through workforce training and career development opportunities and creation of jobs that match the skill set of trained residents.
- Promotion of mixed-use opportunities, combining retail, services and shopping closer to housing and transit oriented developments.
- Creation of suitable, health-conscious living environments by incorporating streetscape enhancements, traffic/connectivity improvements, pedestrian links, and building and infrastructure improvements where necessary.
- Acquisition, Relocation, Demolition and Disposition activities in support of eligible activities that support the City's priorities;
- Elimination and remedy of adverse conditions caused by vacant or abandoned buildings in blighted or dilapidated condition;
- Stabilization of neighborhoods through the enforcement of property maintenance, code enforcement and the removal of blight;
- Improvements to or development of public facilities which further the City's overall Consolidated Plan and development efforts in regard to the City's low, moderate and middle income children, the elderly, persons with disabilities and those with special health care needs;
- Provision of Public Services that promote and enhance opportunities for self-sufficiency among low and moderate income families or which provide for an unaddressed fundamental need of the low and moderate income family or individual; and
- Planning in support of the City's overall Consolidated Plan and development efforts.
